## **MMI DINING SYSTEMS TO SERVE SOUTH POINTE BUSINESS PARK**

Jackson, Miss. – Ronnie Cockayne, president of MMI Dining Systems, announced today MMI's recent partnership with Duckworth Realty to manage food service for the South Pointe Business Park in Clinton.

The company will provide breakfast and lunch Monday through Friday to building tenants in the facility's cafeteria, which seats over 250 people. Catering services for a variety of events are available, including meetings and events held on the patio, such as weddings or business receptions. In the near future, the cafeteria will also be open to the public.

"The facility is now about 50% occupied as we understand it," said Cockayne. "We are happy to provide food management services for South Pointe's existing tenants, and we're excited to expand our services as future tenants come on board."

Once the home of Worldcom, the 89-acre campus encompasses the facility and includes a lake and walking trails. In addition to office and cafeteria space, tenants have access to training rooms, executive board rooms and teleconference rooms. A fitness facility with full men and women's locker rooms is also available.

*MMI is comprised of two distinct, yet fully interdependent and complementing divisions: MMI Hotel Group and MMI Dining Systems. Together, the two divisions own, manage or serve over 100 locations in the southeast U.S., bringing the MMI commitment to excellence to tens of thousands of guests each day.*
